

Until now...

In each PHT:

- TEB (training evaluation board) members
- training to TEB
- individuating the training(s) to monitor

and, maybe also...

- weighted the indicators and stakeholders
- interviews to stakeholders (QR)
- deployment of training aim(s) in unit of competences (KSAV) (QC)

Until now...

and, if the training has been finished...

- share the QC deployment (QC-should)
- survey the QC deployment to trainer(s), learners and purchaser (QC-IS)
- survey the learners' Satisfaction (SR)

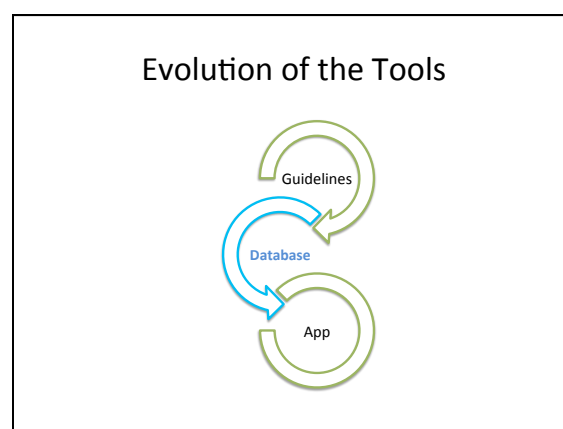

! QR IS (interview to stakeholders after the training, 3-6 months) and TC survey after Cyprus meeting

TEB analyzes data reporting and evaluation when all the data have been collected (details in Cyprus meeting)

Database (DB)

- One site to put all the data needed for the certification process by SGS
- One site to save the data (step by step)
- One site to elaborate the data

- **Input** (data collection via questionnaire and interviews, documents)
- **Elaboration** (by the system)
- **Output** (images, graphs and numerical indicators about strenghts and weak points)

Cyprus meeting (!)

- Organization overview, legals, TEB
- Selection of the training(s)
- QC deployment in Training Aims and Units of Competences
- QR - Weight stakeholders and indicators
- QR - Survey in Should phase
 - Interview to external stakeholders (workplace, professional network)
 - Choice of outcomes to monitor

DB

All the collected data should be saved in the database

Cyprus meeting (?)

At the training end → QC - IS

- **Questionnaire to Learners** about what they have learnt, transferability and applicability
- **Questionnaire to Trainers** about what learners learnt (individual or class evaluation)
- **Questionnaire to Purchaser** about what learners learnt (individual or class evaluation)

DB

QC- IS can be surveyed directly via web the DB generate a link to give to users (learners, trainers, purchaser)

Cyprus meeting (!)

- **PreTest** introduce and explain it to 5-6 persons, various NHS professionalities (medician, nurses, technicals, trainers)
- **Record the comments, take care of the observation, difficulties in understandings, possible improvements**

TC

TC can be included in the DB in your language if you prefer to pre-test it online

Cyprus meeting (!)

- **Fill in the dissemination form...** means also 'disseminate' Expero4care
- **Online** visit the website, post photos or messages in FB, Twitter, LinkedIn... invite persons to share the social networks, link your web page to Expero4care
- **Fliers...** translate in your language → we will send you the format → print in your language
